Marketing

The most effective way to build your Ever Growing Income downline is by using the Advertising Pool, buy as many shares in the monthly Advertising Pool as possible. Set up a subscription to automatically include you in the Advertising Pool every month.

Another effective marketing tools is to send your Ever Growing Income referral URL to all your online friends using e-mail, messenger... social networks.

You can also drive new members into your Ever Growing Income downline by using the **Marketing Tools** listed in the members area.

You can also market your Ever Growing Income referral URL using Traffic Exchanges. Make sure you join all the traffic exchanges listed in your Ever Growing Income members area.

With traffic exchanges, we have to build a brand... the more Ever Growing Income pages get shown the more interest it will create.

Traffic exchange users usually keep on surfing like crazy to build up credits, as they start to see Ever Growing Income pages frequently... they will start to get curious and eventually join Ever Growing Income.

You can use social networks like Facebook, MySpace, Direct Matches, APsense and Yuwie to build a relationship with people and then tell them about your Ever Growing Income business.

Take a look at all the marketing tools that are listed in your Ever Growing Income members area. Join them and make sure you **USE THEM!**

Every member is capable of bringing in 10 new members into their downline every week. It takes time and effort, it's possible... I have done it myself!

Your goal is to bring in as many members into your Ever Growing Income downline. A small number of these will go on to become members of your Success University downline. A smaller number will go on to use the Ever Growing Income system to do what you are doing (these are the ones that will create duplication in your downline).

If you bring in 10 members every week....

$10 \times 52 = 520$ members every year.

Out of these 520 members if only 10 members start doing what you are doing, your downline will start to grow and duplication will take place.

1. Weekly Fast-Start Bonuses - Unlimited Earning Potential!

For each premium student you personally enrol, you'll earn a weekly Fast-Start check ranging from **\$20 up to \$40** depending on your rank.

FIGURE 1.1 - WEEKLY FAST-START BONUSES

2. Weekly Dual Team Infinity Bonuses - Up To \$10,000 Per Week!

You will then earn a commission check (paid weekly) of *up to \$40 each time your organization creates 6 total premium students anywhere in your organization with a 1/3 : 2/3 balance. See these examples...

Sales counted in your Teams can be placed by any of your Team Members, including those ABOVE you, **this is called spillover**. All sales count equally, globally, to unlimited depth!

In the event that there is unused volume, (Example: 4 sales on one team but 0 on the other) as long as you are active, (paying your \$49.95 tuition) those sales will carry over to be used in the following weeks - **No Flushing!**

Rules and Qualifications:

In order to earn weekly (Dual Team) commissions you must maintain your \$49.95 monthly tuition as well as maintain one personally enrolled active student on each of your two Teams.

Volume begins to accumulate as soon as you personally enrol 1 student on each of your two sales teams. (A 30 day grace period is given.)

You'll also need to maintain at least 1 personally enrolled active student each month to be eligible for commissions. If you enrol more than 1 student in a given month, those sales will carry over to the following months as long as each student remains active. (Example: If you enrol 4 students in one month, you will be qualified for 4 months.) When you have personally enrolled 6 students who remain active, you will be qualified for life.

*When and if Success University's total payout of commissions exceeds 60% of the volume for any given pay period, the company adjusts the bonuses to have a maximum of 60% payout. Based on this rule, the past 2 month average cycle pay has been approximately \$32.00 per cycle.

3. Monthly Dual Team Infinity Bonuses - Up To \$40,000 Per Month!

As a qualified premium student you'll receive *up to \$40 (Paid Monthly) per every 6 monthly tuition's throughout your organization with a 1/3 : 2/3 balance. Note: Each student's first month payment (\$149.95) is paid out in the weekly commission plan.

This compensation plan allows a higher percentage payout than any other compensation plan available today. Take a look at this example of your monthly income potential as your team grows...

Now that you know a few of these exciting facts, let me share with you a few more details...

About 3 years ago, my mentor in network marketing, Wayne Nugent, started a company with his business partner Mike Azcue that has done over \$150 million in sales in the past 3 years:

Year 1 = \$15,000,000
Year 2 = \$50,000,000
Year 3 = \$100,000,000

Not only has Wayne's company become one of the fastest growing companies in the history of network marketing, they are holding events that are perhaps the most transformational events in the personal development industry.

To get an idea of the power of these events, click on the images below and if you're like many of the attendees at our last few events, you'll find your eyes watering. I nearly cry each time I watch the second video...

Ever Growing Income

Through their transformational events, they are becoming a GIANT in the world of personal development which fits perfectly with the Success University business model.

Based on the POWER of these events and because I believe they align perfectly with the vision of Success University to create a positive shift in the world, I've decided to combine forces with his company which I believe will allow us to become one of the largest companies in the network marketing industry.

That, I'm sure, sounds like an incredibly bold claim but when you understand the FACTS, I think you'll come to agree with me and will be more excited than you ever have about your future with us.

You see, the company we're going to be combining forces with is the fastest growing network marketing company in the world in the LARGEST industry in the world...

Before I tell you what that industry is, let me ask you a couple questions...

What IF...

You could keep everything you have now with Success University and for NO ADDITIONAL COST, receive more than DOUBLE the value?

What IF...

The WORLD could become your classroom?

What IF...

You could travel the world and be empowered with a community of several hundred other like-minded success driven entrepreneurs?

What IF...

Ever Growing Income

Getting Started

You could actually earn these trips for FREE?

You may have guessed it by now...

The largest industry in the entire world is TRAVEL!

Not only is it the largest industry in the world, it's also the #1 DREAM in the world...

USA Today did a study years ago asking over 1,000 people if they won the lottery tomorrow, what would they do?

#1 answer by far - TRAVEL!

I'm excited to announce that in June, the fastest growing personal development network marketing company, Success University, will be merging into the fastest growing travel network marketing company, WorldVentures!

To get an idea of the incredible size of the travel industry, **WATCH THIS VIDEO!**

<http://www.GumballPresentation.com> is perhaps the single greatest recruiting video EVER produced in the network marketing industry!

If you're anything like me and the hundreds of other Success University members who have seen it, you're BLOWN AWAY at the magnitude of the opportunity we now have in our hands by becoming part of the WorldVentures family.

Please keep in mind, we will **CONTINUE** our exact same learning center that you're currently paying \$49.95 per month for, but you'll be receiving ANOTHER \$50 per month in value with WorldVentures product offering for the **SAME PRICE!**

To see exactly what you'll be receiving at no additional monthly cost in June, watch this exciting product video...

Ever Growing Income

Getting Started

WorldVentures has enrolled 100,000 members that have paid anywhere from \$350 to \$500 for these products that you'll be receiving FREE because of your enrollment in Success University!

Not only will YOU receive \$350 in products for FREE in June, anyone you enroll before June 1st will receive \$350 in products for only the cost of our Success University enrollment of \$149.95. That's a \$200 SAVINGS!

If you're like the members we've presented this to in Atlanta and London, you'll want to massively build your business through May because anyone you enroll will save \$200!

If all of this isn't enough to get you to lose sleep tonight because of excitement, I've decided to give you one more HUGE benefit.

Have you enrolled anyone in Success University who has gone in-active?

If so, as you probably know, once they have been in-active for 90 days, they lose the ability to re-activate their account.

To give you the ability to create even more momentum in your business, I've decided to WAIVE the 90 day in-activity rule!

That's right, anyone who you've ever enrolled at any time, no matter how long they've been in-active, can re-activate their account by simply paying their \$49.95 monthly tuition! Just have them call in to our corporate office at (972) 578-2109 or you can call in on their behalf with their credit card details.

This allows them to receive ALL of the WorldVentures products for only \$49.95 saving them \$300!

This has NEVER been done before so be sure to call your in-active members because May is Re-Activation month!

I'm more excited than I've ever been about our future together. To be able to take our 100,000+ Success University students and combine them with WorldVentures 100,000 members is going to create a tremendous amount of momentum that will ROCK the network marketing industry.

Not only will we now double our total member count overnight, WorldVentures, prior to this agreement, has done business ONLY in the United States. They've generated \$150,000,000 in sales in only 3 years doing business in only one country!

By combining forces with Success University, WorldVentures is going GLOBAL! When we merge Success University into WorldVentures, we'll be taking our top 10 countries, which makes up over 90% of our member base, and opening up WorldVentures into those markets.

Ever Growing Income

Getting Started

There will be a number of countries we have students in that will not be ready for the June rollout. For any countries we have active students in outside of our initial group of countries, we'll be giving those students our learning center completely free! This allows those students the ability to continue to learn and be empowered while we work to open their country for doing business and enrolling new members.

WorldVentures has generated over \$150 million in only 3 years so you can only imagine what they'll do by opening these new markets.

While that is huge for WorldVentures, what that means for you and your team is that we have FIRST MOVER ADVANTAGE in the largest industry in the world! Because of the sheer size of the travel industry, WorldVentures is poised to become a multi-billion dollar company in the coming years. If you have teams outside the U.S., you are positioned FIRST and have the opportunity to essentially OWN that market.

If you look at companies like Amway or Herbalife, the leaders who were first to massively build as they opened international markets were the leaders that built groups of tens of thousands of people in those markets.

Over the next few years, that leader could very well be YOU!

Get excited because this combining of forces will go down in history. Those of you who capitalize on it now will be the top income earners in the next 12 months. Those who stand on the sidelines and watch (wait and see attitude) will be the ones who say 12 months from now "that COULD have been me."

Now is the time to take action. Now is the time to plug into your upline like you never have before. Now is the time to re-ignite the passion you had when you first joined the business.

We are going to build a GIANT of a company over the coming years. I've never been more excited to roll-up my sleeves to create financial freedom for thousands of people. If you decide to take action, I'll look forward to traveling the beaches of the world with you!

Matt Morris
Founder, Success University
